12:5 Crew Specific Responsibilities:

Tables

You may be doing this or helping the Lodge Coordinator set them for each meal. Check with the kitchen crew as to how many places are to be set and which dishes are needed for each meal. Put on salt, pepper, peanut butter [if there are no allergies], jam, cheese whiz, juice, water, and milk.

Dishes

You will be washing the dishes in the dishwasher [Sudsy]. You will be taught the system during Staff Training. Wipe off freezer, dish cabinet, silverware table and any other surface.

Lodge

When meals are complete you will ensure that the floor is clean under the tables. The lodge will be swept once a day after the noon meal. Benches, chairs, etc. will be moved and swept under. On Tuesdays and Fridays the lodge will be mopped. This is done in three sections and the water is changed in each bucket for each section. Put all furniture back in place.

Washrooms

You are in charge of super clean washrooms. The showers are to be scrubbed down with comet and the brush designed for that purpose. This takes time and diligence. The sinks and toilets need to be cleaned with Comet and there are brushes for different uses. Ensure toilet paper if full and there are extra's under the sinks. Report any problems to the Property Manager. A clogged toilet is not a plumbing problem - plunge it out!! On rainy days they need to be done more frequently.

Grounds

12:5 Crew will help the Property Manager with the grounds and facilities. This will include painting, mowing, whipper-snipping, building repairs, etc.

Help other staff

This could be in any capacity that you are needed. You may be required to help set up props or whatever for various reasons to make the camping program complete.
